Dear Mr. Parnham,

We, two Tower Road pupils are writing to thank you for spending your precious time with Tower Road Academy. We are very grateful and have learnt a lot about World War 2 and bomber planes.

The guided tour, which you were really kind enough to give us, was really enjoyable. You clearly taught us a lot and seemed very experienced. It truly was a once-in-a-lifetime opportunity to see the Lancaster bomber taking up and down the runway - we were really lucky!

You answered so many of our questions about World War 2 and on the quiz too! As far as we're concerned, not many people in Yr 6 (if any) have ever been in an Anderson shelter, so it was really astonishing and eye-opening to see just how small they would have been. We had a fantastic time experiencing life in World War 2 and looking at the different artefacts and ruins from that time. Everyone enjoyed it very much - especially the Lancaster bomber!

We tried to show our appreciation, through our behaviour and enthusiasm towards the topic, and we sincerely hope you noticed it! Hopefully, we have maintained our good reputation for Tower Road Academy and you have had fun with us.

Thank you once again and, if that's lucky, you will teach the next Yr 6 pupils as much as you taught us!

Yours sincerely,
Alisha Shaikh and Ayasree Bhaskar.
